New message from: **alpineshane** (12 ★) 客户说ebay上的是他父亲的地址，但是客户的地址和ebay上的不一样

Thanks for your email. My address should be registered as #404 973 Forestbrook drive Penticton BC. V2A2E9. This is where I am opening my home company. I made a hearing aid purchase earlier for my father and had his address at the time I paid for the machine. I since changed my address. I can confirm who I am or any information you need to send to pentagon Bc .. Thank you :)

我们跟客户解释，按照ebay规则，只能发到客户ebay注册地址，商议给客户先全额退款，修改好地址后，再购买发货

According to ebay Policy and our company shipping policy, the machine MUST be shipped to the confirmed shipping address on ebay and Paypal.

Now you want to change the shipping address, so it can NOT be shipped to this Penticton BC. The full refund could be issued to you, after you modify the shipping address on ebay and paypal, then order from us. The machine can be shipped out to you.

Wish for your kindly understanding of this.

If any not convenient, sorry for that.

Please give us a reply of this about refund. Thanks

Regards

Emily

客户回复让我们取消订单，他会换新地址购买

please cancel my order and I will re order immediately with a new address. I was on the phone with eBay and they cannot help me.. My address was not set right at the moment i made the purchase — my credit card, or photos of my bank statements will reflect my current address in penticton... please do not send this machine out ...
